Local Company At Three Fires

Holmes Residence in Fairview is Destroyed

The Narberth Fire Company was called out three times in the past week. The first, and most serious of the fires, was the destruction of the residence of Dr. Edward Burvill Holmes, located on Righter's Mill Road, below Hag's Ford, back of the Borough.

The fire was discovered at 1:00, and had its origin in a bedroom on the second floor. Dr. Holmes attempted to reach the Narberth Fire Company by phone, but discovered that the flames had severed the connection.

He jumped into his car, and drove to Narberth to place the alarm himself. At Montgomery avenue he met Officer Charles Givins, who accompanied him to Elm Hall, and showed him the way. The local company assembled its force and made the run to Fairview in less than twelve minutes from the time of the alarm.

All three pieces of apparatus responded—the big new pumping engine, the combination truck and the ladder truck. The fire had, of course, gained considerable headway, but they attacked it with both tanks of chemicals, and had the flames under control when the chemical supply ran out.

In the meantime a second alarm had been sent to the Union, Ashland Heights, and Ardmore Companies, but they responded too late to help out the Narberth Company. No water was available, and when he realized that the house was doomed, Chief Noel ordered his men to concentrate their attentions upon getting out the furniture.

Many valuable paintings, rugs, jewelry and furniture were saved. Very little was lost in the front part of the house, due to the quick work of the fire companies.

Save for rescuing movable things, the four companies could do nothing else than stand aside and watch the house burn to the ground. It was one of the older houses of that section, and was formerly the home of C. W. Young. Damage is estimated at between \$10,000 and \$50,000. The destruction of this familiar residence recalls the fire of a number of years ago, when the large house at the end of the road, owned by W. T. Harris, was reduced to ashes.

Chief Noel, Deputy Chief Wipf, Assistants Young, Henry and Miller, with 21 firemen, responded to the alarm. Weiss, Henry and Mecke manned the apparatus.

Truck Damaged

A heavy truck, owned by Daniel O'Leary, Philadelphia, was damaged Wednesday when it caught fire on the northern approach to the Narberth avenue bridge.

The blaze was caused when a two-gallon can of gasoline on the truck overturned and ignited from a red lantern on the end of the body.

The truck was being used to carry tools, lumber, etc., which was destroyed. The fire was extinguished by the use of chemicals. Damage to truck and contents is estimated at \$1,500, covered by insurance.

A smaller fire occupied the company during the extinguishing of the truck. Maurice Lacey overturned a can of paint, which flowed over his feet. He was soon blazing merrily, and sounded an alarm to his brother fire-fighters. The chemical line was turned on the dancing fireman, who was promptly extinguished.

Coupe Afame

The third fire took place within a few feet of the scene of the second yesterday morning. A Ford coupe, the property of Robert M. Town, took fire from a backfire in the carburetor. It was being started in Ray Weiss' garage when the accident occurred. Employees of the garage pushed the car into the yard to keep the flames from spreading. The front of the car was badly damaged and the electrical equipment burned before the flames were extinguished.

MOTION PICTURE BENEFIT

American Legion Auxiliary, Unit 356, will give a motion picture benefit at the Ardmore Theatre Wednesday afternoon and evening, March 12th. The feature picture will be "The Acquittal," a mystery drama, with an all star cast. The proceeds to be used for our welfare work. Tickets, 40c. each. Mrs. Elizabeth Wipf, chairman of tickets, 101 Essex avenue. Phone Narberth 375.

New Series Opens Next Thursday

Narberth Building and Loan Encourages Thrift

At the conclusion of the Franco-Prussian War of 1870-71 the cost of the war was assessed against the French, and it was thought that the payment of the enormous sum imposed by Germany under the terms of the treaty would cripple or seriously handicap France for years to come. What happened? The thrift of the French people made it possible for their government to settle with Germany in a shorter time than that specified by the treaty.

What is thrift? Simply good financial management. Spending less than your income. Laying something aside for the proverbial rainy day. Thrift need not signify meanness or isolation, but it does call for the exercise of self-denial. Live your life, enjoy yourself and provide for your family, but avoid unnecessary expenditure and extravagance.

Look about this town of ours and see the number of people of modest income who own their homes, most of them acquired through thrift. They have the pride of ownership. They have an interest in their local, State and National Government that is not possessed by such of their neighbors as have not the responsibility of property. They are the backbone of the nation.

The great encouragers of thrift in this country are the building and loan associations. They enable those so inclined to become investors in any amount by methodical monthly payments. Before long enough has been accumulated to buy a home or make other permanent investment.

Compare the rate of return of a good, seasoned building and loan association with other forms of investment.

Interest on bank deposits, checking accounts, 2% to 3%.

Interest on savings accounts, 4%.

Interest on Liberty Bonds, 4 1/4%.

Interest on good municipal bonds, 4 1/4%.

Interest on safe railroad bonds, 5% to 6%.

Interest on safe industrial bonds, 5% to 6 1/2%.

Dividends on investment railroad stocks, 4% to 7%.

Dividends on investment industrial stocks, 4% to 7%.

Narberth Building and Loan Association shares, 8 1/4%.

The Narberth Building and Loan Association opens its 37th series at the Fire House, Thursday, March 6, between 7 and 9 P. M., and affords an opportunity for small or large investors to place whatever amounts they can spare to net them a profit of 8 1/4% per annum.

The receipts of the association are invested almost exclusively in mortgages on Narberth homes.

According to the 17th annual report for the year ended February 29, 1924, the assets of the association are now \$720,617.74, of which \$111,086.26 is net gain to the stockholders on the shares now in force.

Follow the greenback line to the Fire House on March 6.

MUSICALE

A most delightful home-made musicale was held in the Community Hall last Thursday evening.

The talent engaged in rendering this affair a success was entirely local, consisting of Mrs. Niedecker, of 28 Woodside, piano soloist and accompanist. She played several selections with surprising skill. Her son, Mr. John Niedecker, and his wife sang solos and duets with pleasing power and effect. Mrs. S. K. White, of 505 South Narberth avenue, played two solos on piano. There was a very good attendance. Paul Niedecker sang several solos very delightfully. Mrs. G. M. Davis, of Narberth, did some impersonating in her usual happy style, and a little student of hers recited with marked ability.

All the performers were encoored, and the whole affair was most entertaining and beneficial. We may be proud of our home talent and will be glad to hear all of them again.

The proceeds, which were gratifying in amount, were for the Building Fund of the Lutheran Church. The ladies served a nice lunch with coffee, and all the people seemed highly pleased.

SAMUEL WISLER

Samuel Wisler, of Montgomery Avenue, Narberth, died suddenly on Tuesday of this week. He was stricken with heart failure while making a business call in a store on Arch Street, and died on the way to the Hahnemann Hospital.

Mr. Wisler was a well-known and popular citizen. He was closely identified with sports in the Borough, and throughout the Main Line. Last year he was Business Manager of the Narberth Ball Club, acted as score-keeper and was one of the hard workers who contributed much to the morale which made the team successful.

He also was a close follower of football, and attended every Lower Merion game for a number of years. At one time he managed the Bryn Mawr ball team, and was well-known throughout Main Line sporting circles. Mr. Wisler was formerly in the butter-and-egg business in this section, but of late years had been in the sales department of the Hires' Root Beer Company. He has lived in Narberth for nearly ten years.

He is survived by his wife, who was Elizabeth Conley, and by two children, Samuel, Jr., 11, and Elizabeth, 13. Mr. Wisler was a member of the Friends' Sect, and was sexton of the Meeting House on Montgomery Avenue. The funeral was held from his residence yesterday afternoon.

PRESBYTERIANS DEFEAT LUTHERANS

The Presbyterian and Lutheran teams of the Inter-Church Bowling League met on Monday evening, February 25th, and the former team came out on top with two games to their credit.

The Presbyterians made a weak showing in the first game, but every man came through in the second and they ran the team score for the game to 822, which is a record for the season.

Only 20 points separated their high and low man in this game. The third game was a thriller, with but 2 points separating the winners and losers. The highest mark of the evening was made by B. Humphreys in the second game, when he scored 201.

The score was as follows:

Presbyterians			
Lawson	116	176	169

SCOUTS APPEAL FOR WORKING FUNDS

The letters sent out by the committee asking the community to contribute \$347.00 for the expenses of the year 1924 are meeting with favorable response. These letters were mailed on Saturday last, February 23rd, and the first contribution was mailed on Sunday, February 24th, by Mr. G. Alfred Peeney. Due acknowledgment of all contributions will be made at the close of the campaign. If any residents have not received letters and wish to contribute to this work, will they kindly send their donations to Edward T. Wolf, Treasurer Narberth Boy Scouts, Narberth, Pa.

The budget for the year is estimated as follows:

Interest on \$4,000 mortgage (Scout House)	\$240.00
Electric light, one year	12.00
Gas for heating	15.00
Past bills unpaid	30.00
Incidentals	50.00
Total	\$347.00

GAME TUESDAY

The Narberth A basketball team will hold an argument with Tom Snyder's passers from Phoenixville at the Y. M. Tuesday night. The visitors beat Narberth by one point on their home floor earlier in the season and a lively game is expected. A good many rooters are planning to come from Phoenixville, and Narberth fans are urged to turn out in full force.

The FIRESIDE

The regular monthly meeting of the Evangelical Circle of King's Daughters will be held on Wednesday, March 5, at the home of Mrs. Frank Hewitt, 116 Essex Avenue. The luncheon will be served by Mrs. Albert W. Needham and Mrs. John L. Miller.

Mr. and Mrs. J. Henry Knapp, Jr., of Slidell Avenue, have moved into the Avon Apartments, on Haverford Avenue, facing Grayling.

The Women's Foreign Missionary Society of the Methodist Episcopal Church will hold its regular monthly meeting at the home of Mrs. James Scott, 119 Woodside Avenue, on Monday, March 3, at 2:30 o'clock. All members are urged to be present, as it will be an important meeting.

Miss Susan Reeves, of 501 Homewood Avenue, entertained twenty-five of her schoolmates at an afternoon tea on February the twenty-third.

Mr. and Mrs. R. C. Sharpe and family, of Montgomery Avenue, left on Friday for Syracuse, N. Y., where they will make their home.

Mrs. W. E. Boyer, of Merion Avenue, entertained a few friends with a luncheon and theatre party on Saturday.

Mr. and Mrs. H. C. Fenn, of Essex Avenue, gave a farewell dinner and bridge to Mr. and Mrs. R. C. Sharpe and family on Wednesday evening.

Mrs. William Claghorn, of Chestnut Avenue, entertained with bridge luncheon on Friday.

The regular meeting of the American Legion Auxiliary, Harold D. Speakman Post, No. 356, will be held Tuesday evening, March 3, at the home of Mrs. Bischoff, 506 Dudley Avenue.

Mrs. Robert Collins, of Chestnut Avenue, is spending the weekend in Washington, D. C.

Mr. Frank H. Prescott has nearly completed his apartments at 226 Essex Avenue. He intends retaining the first floor for his own use, and renting the second floor.

Mr. and Mrs. H. B. Speed, of Chestnut Avenue, entertained a few friends at dinner preceding the tennis club dance last Saturday evening.

Mrs. Philip Briesch, of Avon Road, is visiting her mother, Mrs. Williams, of Overbrook, Pa.

Miss Dorothy Seymour Clevenger, of Woodside avenue, entertained a number of her friends last Friday, the occasion being her 12th birthday. A candy-pull and games formed the entertainment. Those present were Jean Staples, Harriet Marsh, Helen McCracken, Marie Wentz, Dorothy Graves, Katharine Augst, Ruth Suplee, Madeline Baughman and Mildred Gillilan.

Mrs. William Livingston, of Chestnut avenue, spent several days this week in Maplewood, New Jersey, visiting her sister.

Miss Madeline Baughman was the hostess to a number of friends last night.

Among the Narberth folks who attended the dance given by Miss Edna Fort at Cynwyd last Thursday were the Misses Louise England, Dorothy Sheneman, Frances Diamond, Ella Dothard, and Messrs. Wells Wanamaker, Robert Savill, James Foote and Robert Fretz.

R. B. C.'S VS. THE C. C. C.'S

The R. B. C. triangle class of the Narberth Presbyterian Sunday School played a game of basketball with the C. C. C. class last Tuesday night in the Narberth School gymnasium.

The R. B. C. class made the first score. From then on the score surged back and forth. Near the end of the game the C. C. C.'s surged ahead, making the final score 15-9 in favor of the C. C. C.'s.

In spite of the fact that this is the first game of the R. B. C.'s, and that they had no previous practice together as a team, the R. B. C.'s played good basketball.

In the future you may look for more and better games from the R. B. C. class.

Dr. Mutch Will Be The Speaker

Junior and Senior Women's Club Notes

Those who attend the regular meeting of the Women's Community Club next Tuesday afternoon will have the pleasure of hearing Dr. Andrew Mutch, who will talk on "Christian Citizenship." Dr. Mutch's talks have always been both interesting and witty and a large attendance is hoped for. The various chairmen will also give their reports. At the last meeting the entire attendance pledged themselves to bring various contributions for the box to be sent to the Crossnore School, North Carolina. The articles are to be brought to this meeting. Anything in the way of wearing apparel, etc., will be acceptable.

The gymnasium class has started its basketball, and from all reports is making an immense success of it. This class grows larger each week and expects to turn each of its members out in A-1 condition at the end of the season.

More Cards

Have you reserved a place at a table for the next big card party to be held in the Y. M. C. A. on the 12th of March? The Hospitality Committee has been working to make this one of the best card parties the Community Club has ever held, and for the benefit of those who have not heretofore attended one of these affairs, we will say that that will be "going some." Plenty of those delightful prizes are being prepared. Plan to set this day aside and bring your friends for an afternoon's pleasure. Don't forget the date, March 12.

Juniors Meet

Needles and threads were much in evidence at the bi-monthly meeting of the Juniors at the home of Erna Kaehler Thursday evening, February 28th. According to procedure established, the club after the moving plan of the Welfare Nurse for assistance, one meeting out of three is devoted to sewing articles for such use as the Main Line Welfare Association deems necessary. Miss Emma Mueller, chairman of the Club's Welfare activities, kept her assistants busy, and though tongues wagged, needles flew, with the result that quite a substantial pile of articles was proof of the evening's work.

Miss Florence Haaf gave an interesting account of the dinner she recently attended at the Orchid Tea Room. This was given by Mrs. Barker, State President of the Junior Section of Women's Clubs, to the Presidents of the Southeastern Chapter of the Junior Sections, and Miss Haaf, as President of the Narberth Club, had the honor of representing our little town and the pleasure of listening to animated discussions as to the methods by which each President is securing the necessary results.

A report was also given the Club of the meeting last Tuesday night at which the representatives of the various Narberth activities expressed themselves on the subject of a Community Center Building. The Misses "Peg" Burrell, Florence Haaf, Dorothy Wilson and Mrs. William Fretz and Mrs. Hilda Durbin represented the Club and advocated the speediest possible steps towards the acquisition of a permanent Community Center, which will not only give this Club a much-needed place of meeting, but will prove of invaluable worth to the member of any organization in town.

Not all the evening was spent in seriousness, however, for the meeting only broke up after the serving of delicious refreshments by Miss Kaehler and her assistant, the Misses Lillian Compton, Jean Chalfant and Betty Henry.

Well, that Open House Dance of the Tennis Club is now history, and mightily pleasant history at that, and it is the consensus of opinion that it was "the" dance of the season. It was nice, too, for that Pennsylvania A. A. Orchestra to come out here, and their music was certainly right there on the jazz. The elimination dance added to the zest of the evening and the beautiful and useful prizes were won by Miss Gladstone and Mr. Blyth. It seems a shame not to have others than members of the club share in the pleasure of these delightful affairs, so the Entertainment Committee have staged for the next party, Saturday, March 22, the "Bon Dansant," not only for members, but their guests and friends, who want to mingle and share in this evening of pleasure.

Community Center Discussed by Large Delegation

26 Organizations Represented at Conference

The plan for a Community Center was explained to a gathering of 55 delegates, representing 26 different organizations, held at the Y. M. C. A. Building, Tuesday night.

Mr. T. Noel Butler presided, and explained to the delegates the history of the situation and the plans as outlined by the Directors of the Y. M. C. A. He sketched the history of the Y. M. C. A., the difficulty of enlisting support and the final necessity of closing the doors of the building as a Y. M. C. A.

The building itself, since that time, has been a community center, being supported and maintained by the rentals from the organizations using it. Recently it was sold to the Merion Title and Trust Company, who will use it for commercial purposes.

The amount of equity which the Y. M. C. A. will receive is about \$33,000. The question of the disposition of this money now rests with the Directors. They can either turn this money into national Y. M. C. A. work or can put it to some community purpose in Narberth. The desire of these men is to use the funds in the Borough. An additional gift of \$5,000 has been offered if this is done.

The idea of the committee calls for a community center, with a community building suitable for the needs of all organizations. It would necessitate the co-operation of every organization to put it through, and would cost probably from \$75,000 to \$100,000 to provide the needed facilities.

None of the delegates were prepared to speak definitely for any organization at that meeting, but a number of questions were asked, so that the different bodies may be informed of the entire plan.

The Playground Law was read, which shows that the Recreation Board has the legal authority to administer the project, possibly working through some sub-committee.

All discussion took as a premise the fact that the scheme was the most practical solution to the rapidly growing problem. Several organizations, though, will not commit themselves in favor of it until assurance is given that the entire project will be well balanced, and will not be dominated by any group. One of the most pressing needs seems to be a home for the Library, which, if the Trust Company changes the building soon after the transfer of title on April 1st, will leave the Library high and dry.

A resolution was introduced by Mr. J. S. Harris, and adopted by the meeting, as follows:

Resolved, That the chairman of the meeting be empowered to appoint a committee of ten from those who express themselves as interested, and who will himself be the chairman, to investigate the cost of the erection and maintenance of a community building, and discover the moneys now available and the possibility of securing sufficient funds for the erection of the building, devising a form of management and to call future meetings to further this project.

SCHOOL BOARD MEETS

The February meeting of the Board of Directors of the Narberth School District was held Friday night at the school office.

Routine business was transacted. A discussion of the bus situation took place, and a committee was appointed to prepare a new schedule. When this is completed, it is believed that the overcrowding will be remedied.

Principal George H. Wilson is collecting data to be used as the basis of a prospectus of the Narberth Schools. This information will probably be issued in book form some time in the early fall. It will be a valuable boost for our local school system, and of great help to new residents.

SUPPER

The Woman's Home Missionary Society is giving a hot roast beef supper at the Church on Thursday, March 6th, from 5:30 to 7:30 P. M. The price of the supper, including dessert, will be 65c. Bring the entire family.

HOME FROM EUROPE

On the White Star liner Pittsburgh, arriving at New York Sunday from Hamburg, were Miss Jane K. Weltman and Mrs. Norman Jeffries, of 219 Narberth avenue, Narberth.

COMPANY ISSUES REPORT

A total of 168,780 telephones connected, which with 84,152 disconnections and 11,135 acquired by the purchase of the Pittsburgh & Allegheny Company leaves a net growth of 73,493 telephones in the State, was the outstanding accomplishment of the Bell Telephone Company of Pennsylvania during the year 1923, according to the report of its president, Leonard H. Kinnard, submitted to the Board of Directors in Philadelphia Tuesday.

"The local service rendered during the year has been a good service," continues the report. "Errors are inevitable in a volume of over three and a half million calls a day. Some are due to unavoidable failure of the very delicate mechanism used in completing even the most ordinary connection; others are mere human errors on the part of the operating force, made despite their very earnest effort to avoid them; and still others are attributable to the inaccuracies of the users in placing the calls."

The company spent \$5,756,863 for land and buildings, and \$11,314,191 for central office equipment during the year. There were 492 operators' positions added to switchboards. Outside of the central offices there were 466,965 miles of wire placed in service, bringing the total amount of wire in the Bell System in Pennsylvania at the end of the year up to 2,826,029 miles.

The company now has in service in this State 14,007 miles of exchange pole line, 5,211 miles of toll pole line, and 6,373 miles of underground duct. The gross expenditures for all additions to the company's plant during the year were \$32,485,512.

"The heavy demand for new and additional service continues to tax the facilities of the entire organization," the report says, "and this despite the great expansion of telephone plant and the constant effort that is made to anticipate that demand to the fullest possible extent."

"Further additional plant is being secured and installed with maximum speed, and the facilities of the organization will be expanded to whatever degree is necessary to meet the demand for service."

Mr. Kinnard estimates that during the five years of 1924-1928 there will be a further gain of 440,000 telephones in this State. These increases, together with replacement requirements, will necessitate the expenditure of approximately \$173,000,000 for construction during that period.

The Bell Company on December 31, last, had 851,085 telephones in service in Pennsylvania. In addition its toll lines reach the offices of 206 connecting companies, having a total of 63,458 telephones, and 1,423 rural lines serving 14,186 telephones.

The retirement of Winfield S. Peirsol, for many years secretary and treasurer of the Bell Telephone Company of Pennsylvania, and the election of J. Heron Crossman, Jr., as secretary, and O. Lethrop Ritchie as treasurer, marked the meeting of the Board of Directors of that company in Philadelphia (Tuesday).

The Board of Directors declared the first quarterly dividend on the preferred stock sold last November, payable April 15 to stockholders of record March 30. The regular quarterly dividend is 4 per cent on the common

stock was also declared.

Mr. Peirsol is a native of Philadelphia and became associated with the telephone company in 1898. In 1901 he became secretary and treasurer of the Bell Telephone Company of Philadelphia, then operating only in the city of Philadelphia. Later, when the Bell Telephone Company of Pennsylvania was organized, Mr. Peirsol became its secretary and treasurer. He is a former resident of Germantown, but in recent years has made his home in Atlantic City. He is well known in Philadelphia financial circles.

Mr. Crossman, also a native of Philadelphia, entered the telephone business in Harrisburg thirty years ago and was a resident of that city until 1912, when he came to Philadelphia as general commercial manager of the company. His home is in Haverford.

Mr. Ritchie was born in Sewickley, a suburb of Pittsburgh, and graduated in law at the University of Pittsburgh with a post-graduate course at Harvard Law School. He was attorney for the Bell Company when, in 1922, he was appointed manager of the Securities Department. He lives in Chestnut Hill.

At the annual meeting of the stockholders, which preceded the meeting of the Board, the report of the Directors for 1923 was approved and J. Howell Cummings was elected a Director to fill the vacancy caused by the resignation of Richard M. Elliott.

The new Director is president of the John B. Stetson Company, with which he has been associated since he was fifteen years old. He was born in Lancaster County, Pennsylvania, and received his education in the public schools and Central High School of Philadelphia.

In addition to being president of the Stetson Company, a position he has occupied since 1906, Mr. Cummings is director in a number of Philadelphia financial institutions, including the Bank of North America and Trust Co., the Guarantee Company of North America, the Philadelphia Trust Company, the Pennsylvania Fire Insurance Company, and the Philadelphia Manufacturers' Mutual Fire Insurance Company.

BADLY SPOILT CHILD

The shadow of the arch-enemy next door appeared in the doorway of the humble kitchen.

"Mrs. Jones!" she exclaimed, with folded arms, "let me tell you that that child of yours is badly spoilt."

"Oh! Get away with you!" snapped Mrs. Jones testily, scenting another complaint as to her young hopeful's conduct.

"Well," rejoined the aggrieved neighbor, "if you don't believe me, just come out and see for yourself what the steam roller is doing to the lawn."

PLEASE LET US HAVE THE FACTS

We want our customers to have perfect gas service. Therefore, we are very anxious that the facts be given to us at once whenever there is any difficulty with the service. "Poor Gas," so called, is always a matter of supply, and in the great majority of cases is due to poor adjustment of appliances, and not the gas supply. If service troubles are not reported to us, of course we have no way of correcting them. Please report your service troubles that they may be adjusted and relieve you of inconvenience.

9.45 A. M.—Sunday School and Bible Classes.

11.00 A. M.—Preaching service.

7.45 P. M.—Meeting.

Theme in morning at 11, "Our Lives in God or What?" Theme in evening, "Seeing Jesus."

The attendance on last Sunday was fine at the morning service; not so good in evening, but those who came seemed pleased and benefitted. Come on, people; those who ought to come and those who want to come. Fill up the place of worship, encourage the preacher and honor God.

SCHOOL NEWS

Editors for this week: Laura Henderson and Dorothy Speck.

Because of a meeting held in Chicago, Mr. Wilson was forced to leave the Narberth School for a week. All the pupils of that school regret his absence and have promised to co-operate with Miss Jenkins, who is now in charge, in making the work run along as smoothly as it did under Mr. Wilson's influence.

All the pupils of Narberth School are glad to see their music teacher, Miss Speakman, back at school again. We regret to say that she has been ill with grip and was confined to her bed for a few days.

The play given on Thursday morning by the seventh grade for Washington's Birthday was a decided success, and those who took part in it are to be complimented on the good work. Miss Speakman being away that morning, Robert Vallette conducted the pupils in their singing. Mary MacIntosh played the piano, in the absence of Mr. Spratt, our pianist.

The pupils of Narberth School enjoyed a holiday on Friday, the anniversary of Washington's Birthday. The teachers, however, did not refrain from assigning lessons to be done for the following Monday.

The boys' basketball team of Narberth Public School played Lower Merion Junior High in their own gym on Tuesday, February 26. The spectators admitted that Narberth never played with more skill or fought more bravely in spite of the fact that they lost, the score being 10 to 4, favor of L. M. Wallace Litchfield and Robert Foote made the two baskets for Narberth.

The teachers at Narberth School are endeavoring to find a day suitable for them to practice basketball and make up a teachers' team as a consequence. It is hoped that a game will be possible some afternoon between the teachers and the ninth grade girls.

YOUR OPPORTUNITY

This is *not* the popular time to buy a suburban home.

Therefore it is the *best time* for the prospective buyer to look around. Now is your opportunity to receive not only the very best service, but also to choose from the most complete list of homes.

Remember: Demand has the same influence on real estate prices as it does on other commodities. This Spring promises to be one of unusual activity in suburban real estate.

The wise buyer will get in touch with us now, and avoid the competition of the increased demand that will come with the Spring.

THE READERS' GUIDE

A Periodical Index in the Reference Department of the Library

"The Readers' Guide," a complete index of all the articles and other information printed in 100 leading American and English magazines, has recently been procured by the Community Library, which, fortunately, was able to take advantage of unusually liberal terms offered to small libraries by the publishers. This index covers the periodical literature of the entire years 1922 and 1923, and it is hoped to continue it during the current year.

This index is, of course, the key to the latest available information on practically every subject, but it would be of little value in the local library were it not for the fact that there is also available at the library the back numbers of an important group of periodicals. An opportunity recently presented itself to compare the list of magazines and periodicals coming regularly to the Community Library with those which are being received by a larger library in a nearby community. It was a surprise to both parties of this transaction to observe that the Narberth list was as extensive and as varied as the other and contained, in fact, some periodicals which the larger library did not possess.

With these facilities available here in Narberth, there is no reason why any High School student, who is preparing a paper or debate, or any adult, who might be similarly seeking for authentic information, should start the search elsewhere. This convenient opportunity is already realized and used by an increasing number of young people and adults. The list of magazines coming regularly to the library is as follows: "The American," "American Agriculturalist," "Association Monthly," "Atlantic Monthly," "Child Life," "Collier's Weekly," "House Beautiful," "John Martin's Book," "International Studio," "Ladies' Home Journal," "Literary Review," "National Geographic," "Popular Mechanics," "St. Nicholas," "Saturday Evening Post," "Scientific American," "Sporting Life," "Woman's Home Companion," "Youth's Companion."

Public acknowledgment and commendation must be expressed to the responsible leaders of the group of young men who play basketball in the Y. M. C. A. gymnasium on Friday nights. They have put themselves to some inconvenience in order to prevent any interference with the work of the library in the next room.

NARBERTH DEFEATS STRONG COOPER CLUB

On last Thursday evening the Narberth "A" and "B" Clubs traveled to Sixty-third and Girard avenue, the home of the fast Cooper Club, and emerged with the slaps of both of the home clubs.

The battle between the "A" clubs was a hectic affair, as the Cooper boys got away to 7-0 lead before the "Town Boys" could get started. Ernie Jenkins again showed his versatility by jumping center for the locals, and it was due to "Ernie's" and "Burt" Powell's playing in the first half that the Narberth lads were kept in the running. "Ernie" shot 2 clever goals, while "Burt" scored a field goal and shot 6 straight foul goals, which accounted for all of Narberth's points in the first half, which ended 13-12 in favor of Cooper.

Starting the second half one point in arrears, the Gene Davis and John Dickie machine at forward started to function and on Gene's 3 field goals and 2 by John the locals soon had a lead that Cooper could not overcome, although they came within one point of tying the score, only to have the locals pull ahead. The final score was 26-20.

The "B" Club of Our Town clinched the second half title when they took a fall out of the Cooper "B" Club by a 30-18 score. Lou Ricklin again had a field night by scoring 6 field goals in the first half. "Bill" Humphries also showed good form in scoring 3 field goals.

On last Friday the Fletcher "B" Club came to Narberth and were sent home defeated by a 37-28 score. The Narberth "B" lads were defeated by this same Fletcher team on their last appearance in Narberth, and it did not take them long to crawl into a lead and hold it.

The "A" team defeated the fast "Triple O" Club of the Narberth Presbyterian Church by a 41-15 score. The Presbyterians played a good game and tried hard, but they were outclassed by the more experienced local team.

ABOUT THE GARDEN

We have been talking about raising annuals from seeds, and while the subject is interesting at this time, there are still a few weeks on the calendar before the real work begins.

Let us then plan a real piece of work which will give us an opportunity for some "fireside gardening," the planning will be interesting but not nearly so much as the actual work of building a Rock Garden.

Just a little Rock Garden in a corner where not much else can be, perhaps a part of the terrace off the porch or in a corner that needs something to fill it in and make the corner look occupied. Most any place is a good place for a little rock pile with soil and plants.

Part shade will do but a location with full sun will allow us a wider selection of plant material. However a background of boards will not do, cement, stone foundation or a bank of soil is necessary to build against.

If we are building in a bank of clay or heavy loam let us remove the heavy material and place odds and ends of broken stones and bricks on the bottom, coal ashes will help to fill in the base.

First, we want a good solid row of stones around the base, small ones will do here, some old sods inverted will help to fill in directly in back so that the soil and the plants and will also we are ready to build up.

The ideal soil is leaf mold or humus mixed with some clay or heavy loam, well broken up, and some sand or sandy soil. This mixture will hold moisture and will provide drainage.

Large stones, small stones, flat stones and round stones all placed so that they will carry the rain down and back. This is the trick of laying the stones—so that they will form pockets to hold the soil and the plants and will also catch and hold the moisture.

Do not build at too steep an angle, slope the face well back and bear in mind that it is going to rain and rain hard on your rock pile. Also bear in mind that you want more rock than

WE CHIROPRACTORS work with the subtle substance of the soul. We release the prisoned impulse, the tiny rivulet of force, that emanates from the mind and flows over the nerves to the cells and stirs them into life. We deal with the magic power that transforms common food into living, loving, thinking clay; that robes the earth with beauty, and hues and scents the flowers with the glory of the air.

In the dim, dark distant long ago, when the sun first bowed to the morning star, this power spoke and there was life: it quickened the slime of the sea and the dust of the earth and drove the cell to union with its fellows in countless living forms. Through aeons of time it fanned the fish and winged the bird and fanged the beast. Endlessly it worked, evolving its forms until it produced the crowning glory of them all. With tireless energy it blows the bubble of each individual life and then silently, relentlessly dissolves the form, and absorbs the spirit into itself again.

And yet you ask, "Can Chiropactic cure appendicitis or the flu?" Have you more faith in a knife or a spoonful of medicine than in the power that animates the living world? —J. G. G.
